The 2022 Christmas boxcar has all of the features you expect from Lionel and the LCCA, including silver die-cast metal sprung trucks, operating couplers, opening doors, and a metal frame. The car will run on a minimum 027 curve, is 10 ½ inches long, and is made by Lionel in the USA of US and imported parts. The car comes packaged in the unique LCCA box.

The car can be ordered at the club's website store [www.lionelcollectors.org](http://www.lionelcollectors.org) for \$89 plus \$14 shipping and handling. This very limited edition car can also be purchased at the LCCA business office by calling 815-223-0115 during regular business hours. The 2022 Christmas boxcars are limited to one car per member. The boxcar is only available to LCCA members through the LCCA. But not to worry – if you are not currently a member, you can join the club on the club website, or by calling LCCA's business office at the number above and start receiving all of the benefits of being a member.

Lionel Collectors Club of America

The Lionel Collectors Club of America (LCCA) was founded in Des Moines, Iowa in 1970 by a group of hobbyists to promote awareness and enjoyment of Lionel toy trains. Today, the LCCA is a not-for-profit, international hobby-based organization with thousands of members who are toy train collectors and operators. Members favor Lionel trains, and the club coordinates with Lionel LLC to produce limited-edition collectible cars, train sets, and special products exclusively for members.
