What is the Lionel Trains Poker Run?

Lionel is planning on doing a Poker Run during the convention. All week long you can participate in the Lionel Trains Poker Run to build the best poker hand possible and then win a special prize at the end of the convention. You will receive two cards in your registration packet to get you started. Then, at every card retrieval location you visit, or event you attend, you get another poker card to add to your hand. Work together or work alone to build the best poker hand possible. All hands will be turned in on Saturday at 9 a.m., and five winners will be announced at the Saturday night closing banquet. Be sure to wear your membership badge at all times. You may get cards at seminars, tours, Lionel retail store, Get Acquainted Party, etc. The LCCA is not responsible for this event, but we are helping the Lionel team by distributing poker cards at some of our tours and events at Lionel's request. More details to come from Lionel for all aspects of the Poker Run activity.

We Need Volunteers!

What keeps our conventions running so smoothly is our intrepid group of willing volunteers. Without them, well, we don't want to think about it.

There are many different volunteers at a weeklong convention — bus volunteers, ticket takers, store workers, etc. etc. — and we could use some help in Concord.

We have a new Volunteer Coordinator this year — John Seresky. Thanks for stepping up, John! If you are willing to lend a hand at the 2023 convention, contact John at sereskyj@gmail.com. He'll be VERY glad to hear from you.
