

# Santa Always Delivers Free

**T**hat's right, the LCCA 2024 Christmas boxcar is not only very special, but it will be shipped to members free! And the Christmas boxcar tradition continues with an O gauge Lionel-built car with all the trimmings.

The car includes seasonal graphics on both sides and the top and can handle O-31 or wider curves. It also features silver painted die-cast sprung trucks, working couplers and is being assembled and painted in the USA by Lionel. This 10 1/2 inch long car also has opening three-panel doors. All of this and it is packaged in the exclusive LCCA/Lionel orange and blue box.

Orders for the 2024 car are being taken via the LCCA website store or by phone at the business office during regular business hours (815) 223-0115. The cars are \$99 each with free shipping. Limit two per member. But hurry, Santa has a limited quantity he can deliver.
